

Introducing our modern LED linear and Tri proof luminaires! Designed for industrial lighting solutions with a high IP rating and high efficiency. Particularly suitable for use in building technology, commercial and industrial construction as well as public facilities.

LED TRI PROOF LUMINAIRES HEQ

NEW

IP65 | 160lm/W | 3000|3500|4000K | CRI80

150cm

35/40/50/60W

117798

120cm

25/30/35/40W

117800

35-60W (DALI)

117799

25-40W (DALI)

117801

With adjustable color temperature for customized lighting. Our new LED Tri proof luminaires can be optionally retrofitted with an emergency lighting module and a versatile HF sensor. This retrofit is suitable for self-installation.

EMERGENCY LIGHTING BATTERY MODULES

NEW

3000mAh | 2.5W | 3h (30-300V) | IP65

- Emergency Lighting Upgrade Kit for Tri proof luminaires HEQ
- low maintenance requirements
- replaceable battery
- **117803** for non-dimmable luminaires
- **117804** for DALI-dimmable luminaires

In the event of a power outage, the emergency lighting battery module will operate reliably for at least 3 hours. The long-lasting LiFePO4 battery means you only need to replace it every 10 to 15 years, instead of the usual 2 to 5 years.

Note: These emergency lighting battery modules are only compatible with the Tri proof luminaires from the series HEQ.

LED LINEAR LIGHTS XCHANGE

NEW
