99% of our customers and partners recommend ISOLED® !

Top service and advice

With excellent product quality, personal advice and first-class service, we create clear competitive advantages.

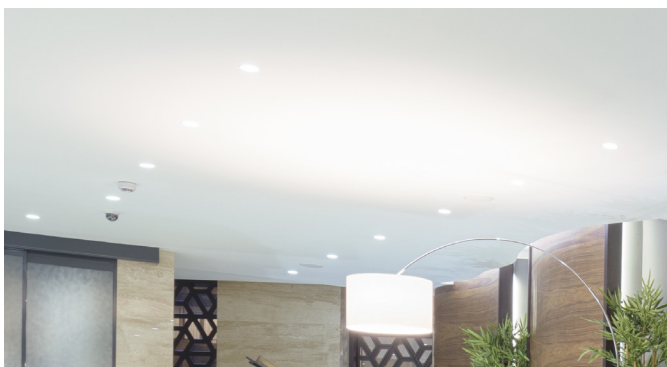

High product availability

We offer a wide range of more than 2,200 high-quality branded products with immediate availability.

Delivery 95% on the next working day

We are usually able to dispatch all orders received by 11am on working days on the same day.

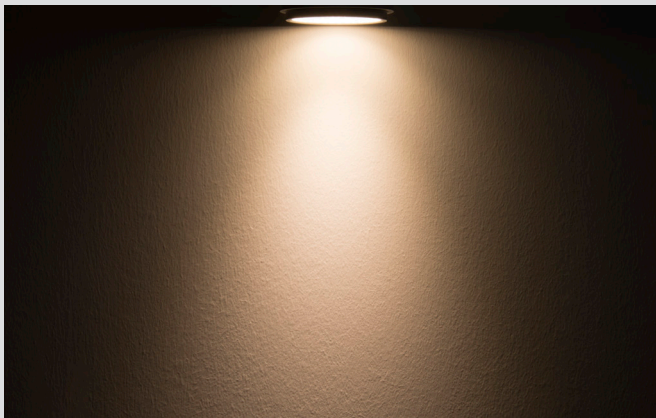

LED AR111 SPOTLIGHTS AND FRAMES

LED tracklights AR111 with integrated COB technology convince with their excellent performance values (see data specifications on www.shop.isoled.at).

High-quality workmanship in a robust quality aluminium housing.

Due to their high performance values, AR111 LED tracklights are ideal for use as general room lighting or as accent lighting.

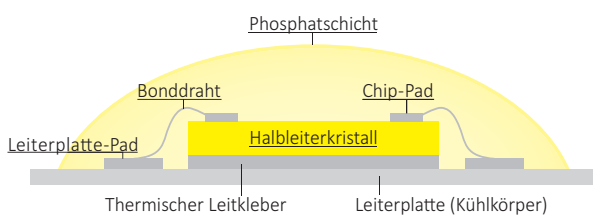

Variable beam angle: from 35° to 50 ° manually adjustable (with article no. 112574 and 112575)

35° to 50 °

Delivery incl. external transformer with limited surface temperature (i.e. the installation of these LED Tracklights AR111 is also possible with these transformers in e.g. wooden ceilings).

These LED tracklights AR111 are based on the sustainable COB technology (chip on board). The semiconductor crystal is directly connected to the circuit board (substrate). LEDs with COB have no power losses!
